Women Making a Difference Luncheon a Success!

On Thursday, March 7, at Receptions in Erlanger, 300 NDA alumnae, friends, and supporters celebrated the annual Women Making a Difference luncheon. Kathy Thamann '69, Janet Von Handorf Schmidt '81, and Kara Middendorf '96 were recognized for their contributions to their communities. Also honored were Dick and Jeanne-Marie Tapke, receiving the Sr. Reina Arlinghaus Award, given to persons involved at NDA and the greater community, but are not alumnae of the school. Sr. Mary Reina herself presented the award to the Tapkes. "The Women Making a Difference luncheon is an opportunity to honor those living the NDA mission in their service to others," said Sr. Lynette Shelton, SND, NDA President. Past Women Making a Difference honoree Lisa Cooney emceed the luncheon.

R.W. Baird and Blau Mechanical served as Gold Sponsors for the event, which raised \$20,000 to support tuition assistance efforts at Notre Dame. The event was an enjoyable gathering of alumnae, faculty, staff, and friends of NDA. Congratulations to all of our deserving honorees!

Sr. Mary Ethel Selected for NCEA Honor

Sister Mary Ethel Parrott, SND, NDA Science Department Chair and longtime faculty member, has been recognized with the NCEA Educational Excellence Award. Given by the

National Catholic Educational Association (NCEA), Sister Mary Ethel, one of six educators in the nation to be honored with this award in 2012-13, was recognized at a ceremony held in Houston on April 3. NDA Principal Dr. Laura Koehl, who attended the event with Sister, said of her: "She is far more than an educator and a physicist. Sr. Mary Ethel is a mentor and a shining example of a woman making a difference in our world."

According to the NCEA, this award

"honors Catholic secondary school educators who deserve national recognition, reflecting the richness and diversity of American Catholic education. Honorees are individuals who have made significant contributions in a variety of roles."

Sister Mary Ethel Parrott joined the faculty at Notre Dame Academy in 1972. She earned her bachelor's degree in physics at Thomas More College and completed a Master of Science in Physics at the University of Kentucky. Sisters Mary Ethel and Judith began an extracurricular Science Research Program at NDA in 1974 and developed it as a formal course for credit in 2007. The course focuses on conducting an independent research project in mathematics, natural science, engineering, or behavioral science. Students present their work and compete at various science expositions at the regional, state, national and international levels.

*Dear Families, Alumnae,
and Friends of Notre Dame,*

Dear Friends of Notre Dame Academy,

Happy Birthday, Notre Dame Academy! Let's light the candles because this year marks fifty years since our school moved from Fifth Street in Covington to Hilton Drive in Park Hills. As we look back, we celebrate the blessings that made it possible for our school to grow. We also look forward to the continuation of that growth as we build on the time, talents, and treasures of our Notre Dame community.

The graduating class of 2013 will join over 10,000 alumnae! It is with a grateful heart that I witness and acknowledge the generous support and commitment to Notre Dame that continues to be a tradition. Our thanks go to our alumnae, parents, school board members, priests, sisters, teachers, staff, students, benefactors, and our many volunteers. You light the way for our mission to continue. Thank you to all who contribute in this investment of offering a Catholic education at our school on Hilton Drive.

The past fifty years represent countless blessings. Instead of blowing out the candles of our celebration, we hope to add more and more light for our mission to increase. It is the light of knowledge that will abound because you have made it possible. Allow me to borrow a familiar phrase, "We'll leave a light on for you!"

In Notre Dame,

Sister Mary Lynette Shelton, SND

A Message from Dr. Laura Koehl

This issue of the Notre Damian celebrates the very essence of educational excellence - the outstanding teacher. We honor and celebrate recent recognition given to three of our alumnae who are truly making a difference in education: Sr. Mary Ethel Parrott '64, Sharon Stahl Harris '75, and Amie Weckenbrock '07. These teachers are successful because they demonstrate a deep commitment to their professions and an abiding care for the intellectual and personal journeys of their students.

Our very own Sr. Mary Ethel is one of six outstanding Catholic educators in the nation to receive the National Catholic Educational Association (NCEA) Educational Excellence Award. The extensive list of current students and alumnae who have received state, national, and international awards for science research is one reason why Sr. Mary Ethel has been recognized by NCEA with this prestigious award.

These awards given to our alumnae in education honor the professional commitment and expertise of all NDA

educators, past and present. They exemplify the SND tradition of educational excellence. The Sisters of Notre Dame had the wisdom and foresight to provide principles to guide Notre Dame educators in this pursuit of educational excellence. In this final quarter of the school year we are celebrating the fourth principle: An Integrated Education for Transformation. The teachers we honor have truly demonstrated their commitment to an integrated education for transformation. Through their commitment to teaching, they have mastered the complexity of educating the whole person in a way that empowers their students to discover and use their God-given talents. This is indeed a personal transformation and one that has the potential to transform the world. What a gift!

Sincerely,

Dr. Laura Koehl

Basketball Pandas Make History

The Notre Dame Academy basketball team had a whale of a season this year, finishing as State Runner Ups! The Basketball Pandas played a tough game against Marion County in the championship finals of the State Basketball Tournament, losing to the Lady Knights 52-36.

The Pandas made history as NDA's first team to advance to the Kentucky girls state basketball championship. "The players and coaches have worked hard. Their teamwork has been inspiring and truly representative of our mission at NDA," said NDA Principal, Dr. Laura Koehl.

NDA Students Present at Technology in Education Conference

In March, NDA's Director of Instructional Technology Molly Mullee took Notre Dame Academy's SWAT (Students Working to Advance Technology) team to present with her at the Kentucky Society for Technology in Education Conference (KYTE) in Louisville. During the presentation, entitled "Going 1:1 iPad; a Student's Perspective", 8 students gave their perspective of how the implementation of the iPad has changed the way they learn, the way their teachers teach, and their community. During this initial year of the iPad program at NDA, Mrs. Mullee and the SWAT team have built a support system that has enabled the school community to seamlessly operate and thrive with this new technology. When the opportunity arose to present at KYSTE, Mrs. Mullee could not envision presenting without these critical stakeholders.

The SWAT team was asked to repeat their impressive performance when faculty members from Georgetown Visitation Preparatory School in Washington, D.C., visited NDA to see how 1:1 iPad Initiative was implemented. In a recent follow up email, one Georgetown Visitation faculty member commented: "We unanimously agreed that the student presentations and interactions were the highlight of our trip. They were engaging, dynamic and absolutely sold of the validity of the 1:1 program."

The NDA SWAT team continues to work with students and faculty alike to explore new educational opportunities with the iPads.

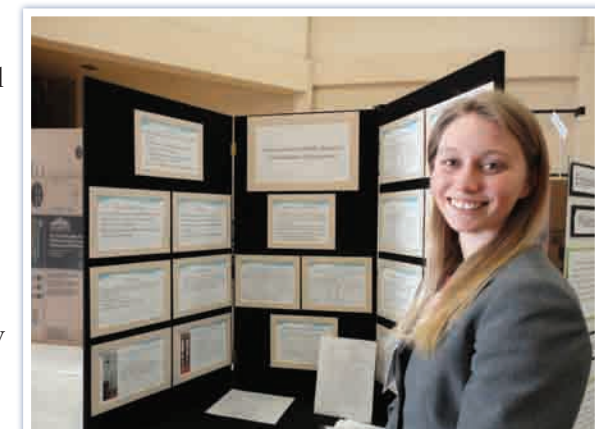

NDA's Science Research Students Continue to Outshine Their Competition

After another successful year for Notre Dame Academy's Science Research Program, three student researchers are moving on to national and international competitions. This year NDA Science Research students once again excelled at both the regional and state levels presenting their original and independent research projects.

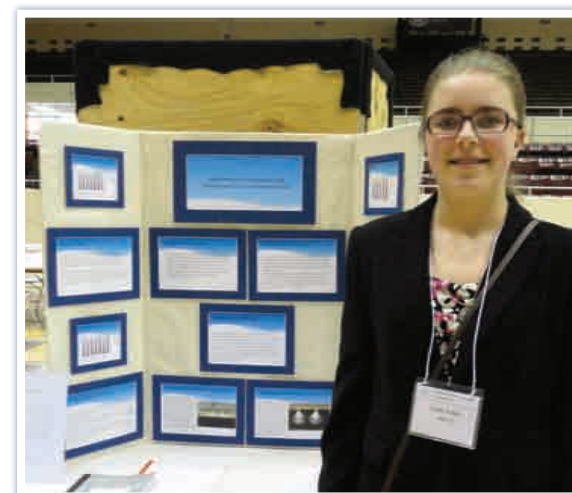

Monica McFadden won the "Best of Fair" award at the Science and Engineering Fair of Northern Kentucky (SEFNK) on Saturday, February 23. Monica and Sr. Mary Ethel received an all-expenses-paid trip to the International Science and Engineering Fair (ISEF) that will take place in Phoenix from May 12-17 and include winners from approximately 60 countries. Notre Dame science research students had an outstanding performance at the regional competition including Laura Irons, who placed second at the fair, and many others who won category and special awards.

Cassidy Ryan placed second at the Kentucky Junior Science and Humanities Symposium in Louisville on March 15 and 16. Szofia Komaromy-Hiller, Monica McFadden, and Cassidy were among the 21 students invited to present their original research at the symposium. Cassidy will next present her work at the National Junior Science and Humanities Symposium May 1-4. Besides the expenses-paid trip, Cassidy was offered a trustee's scholarship to the University of Louisville and a \$1500 scholarship to the college of her choice.

Most recently, Notre Dame science research students competed at the state level in the Kentucky Science and Engineering Fair in Richmond, Kentucky. Monica McFadden placed third overall and earned one of the spots to the International Science and Engineering Fair. Since she had already qualified through the regional fair, Emily Walter was awarded the regional slot and will also compete at the international event in Phoenix in May.

First place category awards were won at the state level by Cassidy Ryan in Environmental Sciences, Ellen Kendall in Microbiology, Emily Bautista in Earth and Space Science, and Monica McFadden in Environmental Management. Giannina Rokvic placed second in Energy and Transportation.

Emily Walter won a special award from the Navy; Josie Hammon's project was rated the best in geology by the Association of Women Geoscientists and the Kentucky Society of Professional Geologists; and Monica McFadden won special awards from the National Oceanic and Atmospheric Administration, Stockholm Junior Water Prize, and Ricoh Americas Sustainable Development Awards.

The continued success of NDA's science research students is a testament to the vision and dedication of Sr. Mary Ethel Parrott and Sr. Mary Judith Averbeck. These two young educators began Notre Dame's Science Research Program in 1974 as an extracurricular activity. In 2007, Sr. Mary Ethel developed the program into a formal for credit course. NDA's Science Research Program has inspired countless NDA alumnae who now work as scientists, physicians, engineers, and educators around the globe.

Three NDA Seniors Accepted to Prestigious U.C. Business Program

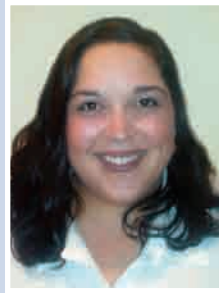

Three NDA seniors were recently accepted into the Carl H. Lindner Honors-PLUS program at the University of Cincinnati. After an application and interview process involving 3000 applicants, Marisa Lorch, Molly Hinken and Megan Beischel were among the 25 students chosen to be part of this highly regarded and selective business program this year.

The Carl H. Lindner Honors-PLUS program is a challenging honors program integrated within the Carl H. Lindner College of Business at the University of Cincinnati. The program is designed for highly motivated individuals with superior academic ability and demonstrated leadership skills. The Lindner Honors-PLUS program incorporates a demanding business honors curriculum, participation in a co-operative education program, an intensive international study-abroad trip and extensive business leadership exposure and training. All three of NDA's Lindner Honors-PLUS scholars will receive a scholarship that covers full (in-state) tuition and fees.

Dear Fellow Alumnae,

Thank you to everyone who came out to support our wonderful Women Making a Difference and Sr. Reina Award honorees. We received resounding positive feedback about the event, including the move to Receptions! The best part is that Women

Making a Difference was not only a lovely event honoring some very deserving unsung heroes in our community, but also raised over \$20,000 to help our tuition assistance efforts.

Now we look to our next big event, the Autumn Gala. The goal this year is \$95,000 to help fill the gap of \$1,500 per student not covered by tuition. We need your help with this. The event is one that involves a lot of work, and if we have a lot of folks doing a little, we can reach our goal! Please consider helping with Gala. If you can give one hour to help plan the event, and one hour a month for a meeting, you can help us more than you know!

The event is our largest fundraiser, so please help us achieve our goal of \$95,000 and 350 people in attendance!

Lastly, a big welcome to our new Alumnae Coordinator Emily Knapke Berling '97 who joined the Advancement/Alumnae Office in March. We are so happy to have her on board and know you will all enjoy working with her as much as we do!

Smiles,

Anna Hehman '99

2012-13 Annual Appeal Update

The 2012-2013 Annual Appeal is getting closer to the goal of \$250,000! NDA students called alumnae and past supporters of the Annual Appeal over three nights in early February. The students did a fantastic job, and we hope you enjoyed speaking with them! The Phonathon has currently raised over \$16,000 and money is still coming in.

We need \$12,000 more in donations to reach the Annual Appeal goal. If you have not already, you will be receiving more information about this in the mail, including where your class stands towards the 35% participation goal.

Notre Damian News and Pictures gets a special email address!

The Advancement Office has created an email address for all your Notre Damian updates. Just send everything to notredamian@ndapandas.org. Keep those updates, "Where in the World" and "Wedding Panda-monium" pictures coming. If you'd like to receive the Notre Damian electronically, send us your email address and we'll put you on the list.

NDA Graduates Make a Difference as Teachers

In addition to Sr. Mary Ethel's accomplishment and Janet Schmidt's Women Making a Difference honor for her work in teaching, two other NDA graduates have received recognition for their contributions in the classroom!

Sharon Harris '75

In February, Mother of Mercy High School science teacher and Notre Dame Academy graduate Sharon Harris was named an Outstanding Educator by The Outstanding Teachers Award Program, sponsored by The Cincinnatus Foundation, Northern Kentucky University, University of Cincinnati, and Xavier University. After NDA,

Sharon attended Morehead State University, earning a B.S. in environmental studies and a Masters in biology. Sharon has been a member of Mercy's faculty since 1995 and is also an adjunct instructor in microbiology and anatomy and physiology at Cincinnati State Technical and Community College.

The Outstanding Educator award honors teachers based on a series of criteria including exceptional knowledge of subject matter, use of innovative methods in teaching students, support of students to succeed in and out of the classroom, participation in the school community beyond teaching duties, and taking part in professional development activities that improve teaching and learning while keeping current with educational trends.

Congratulations, Sharon!

Amie Weckenbrock '07

In February, the National Science Teachers Association (NSTA), the largest professional organization in the world promoting excellence and innovation in science teaching and learning, announced that Notre Dame Academy graduate and Beechwood Schools teacher Amie Weckenbrock was selected to take part as a Fellow in the 2012-2013

NSTA New Science Teacher Academy. Amie was selected from hundreds of applications to participate in a yearlong professional development program designed to help promote quality science teaching, and enhance confidence.

The 2012-2013 Fellows were selected from 34 states and will each receive a comprehensive NSTA membership package, professional development opportunities, and be invited to attend NSTA's 2013 National Conference on Science Education in San Antonio, Texas.

Amie commented, "Being selected as an NSTA fellow was a very exciting thing for me as a first year teacher. I feel that my NDA education has provided me with the tools to be successful as well as the mind set that I need to continue my education if I am going to be a teacher who makes a difference, as my NDA teachers did for me."

Congratulations Amie!

Alumnae Dinner Theatre

The Alumnae Dinner Theatre was held April 18th with dinner in Alumnae Hall before the NDA/CCH production of *Joseph and the Amazing Technicolor Dreamcoat*. Almost 100 alumnae and friends gathered for the evening, which was enjoyed by all.

The 2013 Autumn Gala Planning is Underway!

We are still in need of volunteers to help with the 2013 Autumn Gala, which will be held Saturday, October 5th at NDA. The event is our largest fundraiser and our goal is to raise \$90,000 to support tuition assistance at NDA. There are several volunteer positions open that require as little commitment as two hours a month helping plan this important event! Please contact Advancement Director Anna Hehman at hehmana@ndapandas.org or at (859) 292-1851 to learn more!

Updates from Alumnae

Cathie Stratman 1949 writes: “Because of bad weather conditions it took three days to travel to the Holy Land in November. Four of us went via New York, Amsterdam, and then Tel Aviv with long layovers at each airport. When we arrived in Tel Aviv, we weren’t allowed to enter the airport because that’s when the bombing began every night! We had a 3-hour drive to finally catch up with the other Pilgrims – and the rest of the trip was wonderful! Extremely challenging physically, but worth all the effort. However, we never did get to Tel Aviv --- we flew out of Jordan on the way back.”

Sister Marie Rose Messingschlager, CDP 1962 writes: “For centuries thousands of persons, especially American Indians, have been praying for the canonization of St. Kateri Tekakwitha, a young Mohawk woman. Kateri as born in Auriesville, N.Y., in 1656 and died at Caughnawaga, Canada, on April 17, 1680. The miraculous cure from a flesh eating disease of a little Indian boy from Washington State was the miracle needed for Kateri’s canonization on October 21, 2012. Through grants from the Bureau of Catholic Indian Missions and the Diocese of Duluth, Sister Marie Rose and four others were able to make the pilgrimage to Rome for the momentous occasion. Sister Marie Rose has been ministering among the American Indians since 1974 on the Navajo Reservation, the Lakota Sioux Reservation, and now in the Diocese of Duluth, MN among the Anishinabe (Ojibwe/Chippewe) since 1993.

Representing the Anishinabe Reservations in the Diocese of Duluth are Mr. Robert Peacock, Sr. Marie Rose Messingschlager, CDP, Mrs. Claudia Lyytinen, Mrs. Marie Spry, Mrs. Alicia Cyr, and Bishop Paul Sirba, Bishop of Duluth, MN. The picture is taken from the roof of the North American College in Rome with St. Peter’s in the background.

Patricia Nieporte Nagel 1964 - Patricia and her husband, George, welcome their newest grandson John Paul. Patricia and George are the proud grandparents to 12 grandchildren now. Congrats!

Carolyn Zembrodt 1973 says, “Contact me for information about our 40 year reunion, in the making at the present, planning on possibly doing a 1973 scholarship memorial in memory of our deceased classmates and honoring them at our function.

Linda Hollingsworth Bohler 1980 is asking for prayers for everyone in her hometown.. and the whole state. She writes, “We were destroyed by hurricane Sandy. As a community we are recovering slowly. It is wonderful to see God’s hand reaching out.”

Beth Burris Neal 1981 - Beth has accepted a new position as Director of the Eva G. Farris Gallery on the campus of Thomas More College. Beth is also a Drawing and Illustration instructor at TMC and at the Art Academy of Cincinnati.

Heidi Gerdes Graf 1984 is happy to report that in December, her sister-in-law Sharon Gerdes’ family and friends hosted a very successful bone marrow donor drive. Over 1100 new registrations were processed, which was almost triple what the facilitator, DKMS, expected. Every new registration is hope for someone battling blood disease. Sharon received her bone marrow transplant in February and is recovering remarkably well. Heidi thanks everyone for their prayers and support.

Julia Meister 1987, a partner at the firm of Taft, Stettinius and Hollister, was named a 2013 “Lawyer of the Year” by **Best Lawyers** for her litigation/trusts & estates work in Cincinnati. My twin girls will be 5 in January and will start kindergarten at Ft. Thomas schools next fall. I am looking forward to the 20-year reunion in 2013.”

Robin Kramer Adams 1995, her husband C.R. (Charles Adams, CCH ’95) and big brother Jake welcomed Nathaniel Eric into the family on July 10, 2012. They love being a family of four. Robin is a psychologist at Cincinnati Children’s Hospital where she works with young children with autism. The

Julia Meister and Maria Aselage, both '87, visited Vienna, Austria, recently. Here they are in St. Stephen Cathedral Square as part of a cruise to Prague, before heading down the Danube to Hungary. The two alumnae and their families have taken many wonderful trips together, starting with their 1984 Latin class trip to Italy, led by Srs. Mary Sebastian, Eugenio, Virginia Ann, and Joselle, and Sarah Kelsch (PE teacher).

On her first trip to New York City and the Empire State Building, future Panda Caroline Muck '22, enjoys the Notre Damian with her grandmother, Mary Ann Egi Muck '64.

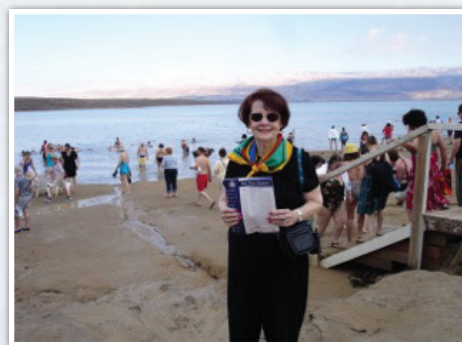

Cousins Ellen Williamson '11 and Shelby Saylor '16 are pictured taken after Ellen raced in a swim meet for the University of Virginia, beating UNC, while Shelby cheered her on.

Three generations of Pandas pose with Texan cattle horns at the wedding rehearsal dinner of Claudia King's son in Dallas, Texas, during the summer. Hook 'em horns! Pictured are: Adelaide Moser Frey '13, Melanie Moser Frey '82, Sally Moser Soderlund '71, Micky Witte Moser '45, Lisa Moser Groth '76, Claudia Moser King '70.

Why the interest? All three ladies have sons who graduated from Notre Dame. After the game, they and their group continued to tour Northern and Central Ireland. Here they are in front of Lough Eske Castle in Donegal Town, County Donegal, Ireland.
